Zone Number	9
Zone	Inner Residential

TasWater - Water Service

TasWater - Customer Connection Point

The Water Customer Connection Point represents the location where the customer's water infrastructure connects to, or can connect to TasWater's reticulated water supply network. The property has a Customer Connection Point, which typically is the location of the stop tap and water meter at the end of a lateral pipe from the main. This is represented on the map by a square, often containing "WC".

Location ID	L126044
Water Connection Size	20mm

TasWater - Water Lateral Line

A lateral line indicates the property service pipe that begins at the water main and ends at the customer connection point. This is displayed on the map as a thin light blue line. Work cannot be undertaken within 2 metres of any infrastructure without seeking approval from TasWater.

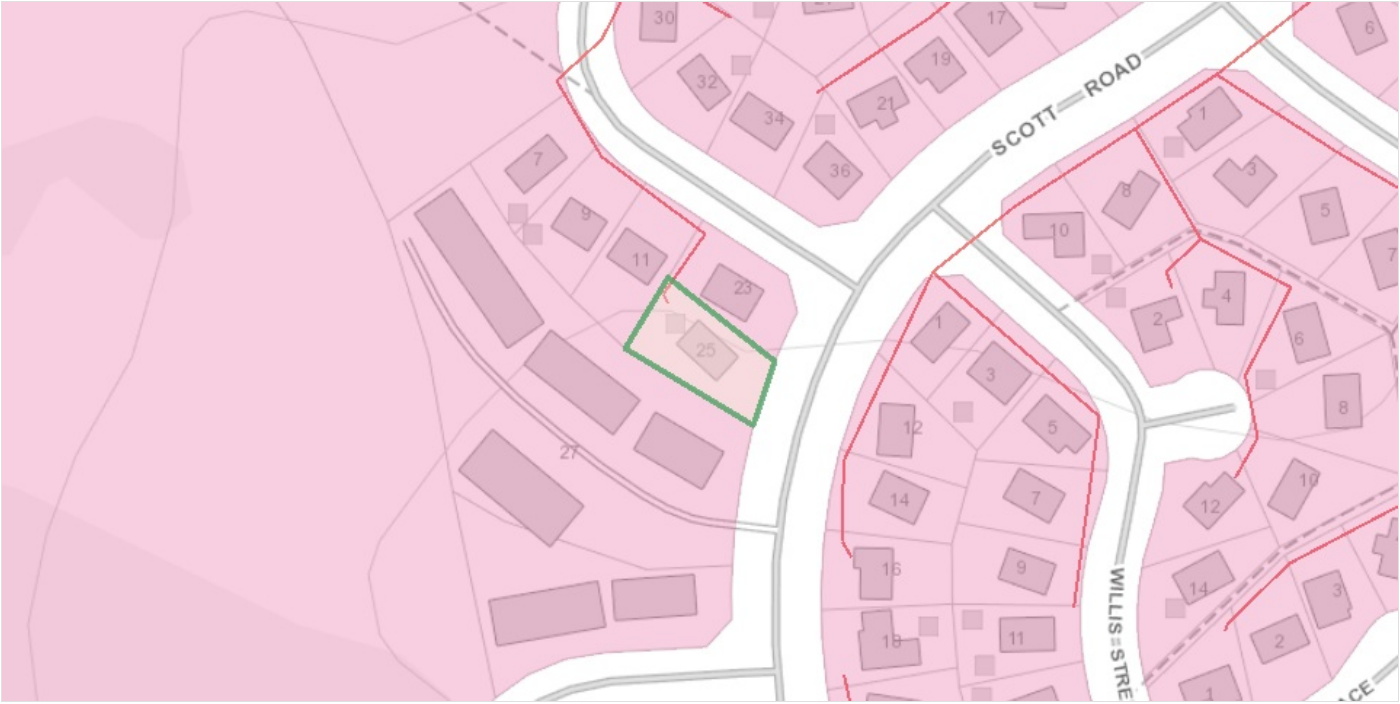

MATERIAL	Unknown
DIAMETER	-1

TasWater - Water Serviced Land

Serviced Land is the land which TasWater will permit to be connected to its water and sewerage infrastructure. The blue shading on the map indicates water serviced properties. The property is connected to, or is able to connect to the TasWater water supply network. Development assessments will be required to be undertaken prior to undertaking any work on TasWater Infrastructure. See <https://www.taswater.com.au/Customers/Serviced-Land> for further information.

Service Type	Full Service
--------------	--------------

TasWater - Sewer Service

TasWater - Sewer Serviced Land

Serviced Land is the land which TasWater will permit to be connected to its water and sewerage infrastructure. The red shading on the map indicates sewerage serviced properties. The property is connected to, or is able to connect to the TasWater sewerage reticulation network. Development assessments will be required to be undertaken prior to undertaking any work on TasWater Infrastructure. See <https://www.taswater.com.au/Customers/Serviced-Land> for further information.

Service Type	Full Service
--------------	--------------

TasWater - Sewer Main

Sewer mains transport sewage throughout the network (sewerage system). Work cannot be undertaken within 2 metres of any infrastructure without seeking approval from TasWater. The sewer main is displayed on the map as the thick red lines (some with arrows and varying in thickness).

TasWater - Water Lateral Line

A lateral line indicates the property service pipe that begins at the water main and ends at the customer connection point. This is displayed on the map as a thin light blue line. Work cannot be undertaken within 2 metres of any infrastructure without seeking approval from TasWater.

DIAMETER	-1

TasWater - Sewer Main

Sewer mains transport sewage throughout the network (sewerage system). Work cannot be undertaken within 2 metres of any infrastructure without seeking approval from TasWater. The sewer main is displayed on the map as the thick red lines (some with arrows and varying in thickness).

TasWater - Sewer Lateral Line

The lateral line indicates the property service pipe that begins at the sewer main and ends at the customer connection point. This is displayed on the map as a thin red line. Work cannot be undertaken within 2 metres of any infrastructure without seeking approval from TasWater.

Crown or Council Land on or adjoining the property

Crown or Council Land on or adjoining the property

Crown Land Authority includes land owned, vested or managed by a Commonwealth, State or Local Government Authority or Government Business Enterprise. Categories include Housing Tasmania, Hydro Tasmania, Councils, Education, Forestry Tasmania, TAS Water and more. This may include properties adjoining land owned by the Crown or the Council.

Tenure Type	Freehold Title
Authority Type	Housing Tasmania

Tas Gas Networks Infrastructure

Tas Gas Networks Distribution Network

The Tas Gas Networks Distribution Pipe is displayed on the map as blue and red lines. The presence of the Distribution Pipe indicates that the property may be serviced with natural gas. You must not undertake any excavation of ground within 25 meters of the Distribution Pipe without requesting information from Before You Dig Australia and contacting the asset owner on (03) 6336 9350.

Council Details

The local council where your property is located can provide advice on a proposed project.
