Council has received a payment of \$41,136,436 for the 2024-25 financial year from the Queensland Government to mitigate impacts from the Waste Levy on households. This payment is only around 85% of the amount required to be paid by Council to the Queensland Government as a levy for household waste to landfill.

The Waste Utility Charge covers costs associated with managing waste in Brisbane, including the gap between the Queensland Government levy charged to Council and the 85% rebate received by Council.

Rating Category Statement 2024-25

Dedicated to a better Brisbane

Brisbane City Council (Council) will use a system of differential general rating for 2024-25. The differential general rate will be calculated using the average rateable value (ARV) as provided for under the "City of Brisbane Regulation 2012".

There are 140 differential general rating categories in 2024-25. The categories and the relevant descriptions are outlined in the Differential General Rating Table in section 4 of Council's "Resolution of Rates and Charges 2024-25" (the Resolution). An explanation of the land use codes appears in section 15.3.

Landowners are responsible for checking the differential general rating category applied to their property. If you have any concern with the category that has been given to your property, you should contact Council immediately by phoning Council's Contact Centre on (07) 3403 8888 or by writing to Council to discuss that concern.

To object to the rating category applied to the property, landowners must, within 30 days of the rate account issue date, submit a rating category Notice of Objection using Council's nominated form stating that the land should be in another rating category and the facts and circumstances that are the basis for that statement. The form is available from Council's Library and Customer Centre, Level 1, 266 George Street, Brisbane, other Customer Centres, or by phoning the Contact Centre.

If the objection is successful and the differential general rating category is changed, the change will be effective from the beginning of the rating quarter in which the successful objection notice was lodged. Lodging an objection does not stop Council from levying and recovering rates as specified in your rate account.
