

Things the owners *loved*

about 135 Hampton Road

(and we think you will too)

- We love the charm – wide jarrah floors, colourful leadlight windows, and high ceilings with those beautiful ceiling roses
- The lounge is cosy and cool with the beautiful fireplace
- Being able to stroll to the beach whenever we want
- The kitchen's full of character!
- We like how the backyard feels leafy and peaceful
- The deck at the back is great for morning coffees or afternoon drinks – and there's built-in seating, which is super handy.
- The powered shed is a bonus!
- The long driveway with plenty of parking
- How close everything is – cafés, shops, the coast – but it still feels like our own private space behind the front wall
