Fully serviced lifestyle sections

This final stage subdivision with stunning mountain views is set back in a quiet yet central location. So close to town amenities and just a short walk to town.

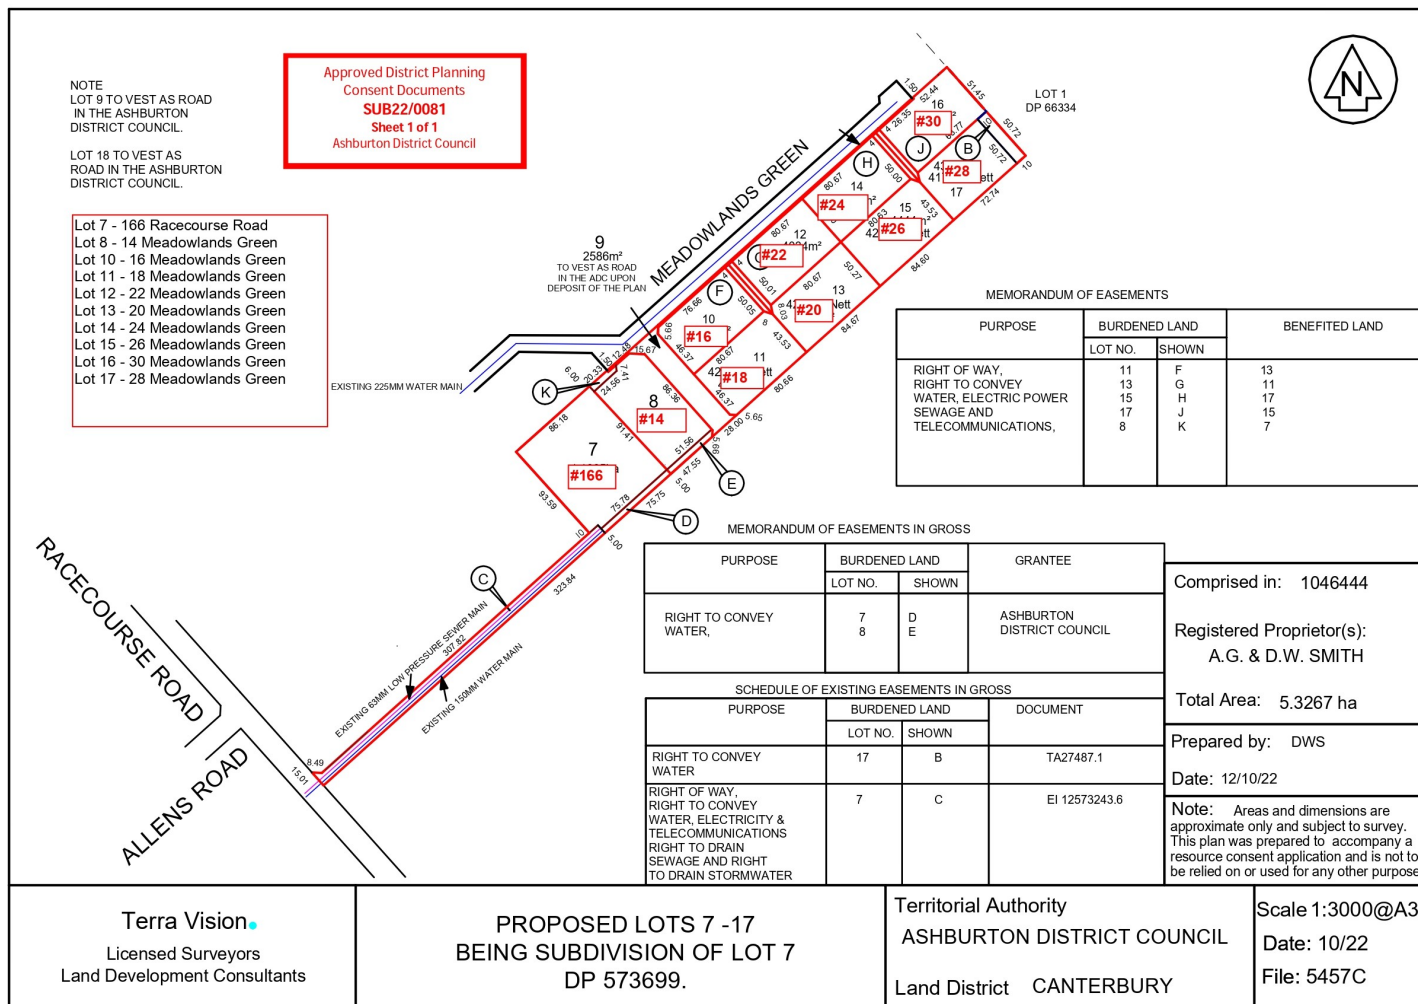

Enjoy the benefits of all town services including water supply, low pressure sewer connection, fibre and power. No requirement to meet Environment Canterbury's costly separation discharge system.

General covenants for this subdivision provide plenty of scope while standards are maintained to protect your investment. Titles available.

Low pressure sewer systems do required the owner to install a grinder pump system. No further connection fees or costs are required for sewer service with this subdivision. Other subdivisions may require additional costs.
